GOLTEKS

Goltes Petrokimya was established in year 2005 in Istanbul Turkey. Golteks got required certificates (ISO 9001, ISO 14001, OHSAS 18001, ISO 27001 and ISO16949) related to production and quality, and obtained a respectable place with its GL OIL brands in itsfield.

Multigrade engine oil, monograde engine oil, hydraulicsystemoil, various industrial oils, transmissionoil, 2-stroke and 4-stroke motorcycle oil, oil and diesel additives, engine break-in oilsand a variety of oil preparations are among the products of Golteks.

Our head Office in Ataşehir/ISTANBUL and manufacturerplant (Factory) in Biga Çanakkale with 5000 squaremeter indoor area (Total 10.000 squaremeters).

Mineral oil is filled in package susing full-automatic fill ingmachines in modern facilities and uses 100% virginbaseoil in her products and quality additives and applies high-tech manufacturing processes and quality control techniques in all stages of production. Precisefilling with automatic fill in glines, packaging, storage, and shipment are managed thanks to her state-of-the-art technology designed to fill multiple 1 lt, 4 lt, 5 lt, 20 lt, 16 kg cans and 202 lt plastic barrels.

Vendors in 10 countries carry the achievements in sales a step further thanks to high-performance products supplied by distributers and the reasonable prices.

What underlies this success is a strategy of applying high-tech in the products and seeking its own success in the success of her customers. Coming a longway in a short time, **Golteks Petrochemical** is now heading towards the future with confidence and persistence, being a source of pride for Turkey with high quality products in the engine oil and industrial oil sector.

Golteks is Aiming to competitive prices accordance with TSE (Turkish standards institute) and international standards in the global market and offering modern, reliable, quality service with an analytical approach and disciplined team idea in the automotive industry.

GL, your correct address in mineral oil.
